### Questions for Reflection and Discussion

Nehemiah 6:15-16, 7:1-5

1. Do you believe God has one specific mission for you to complete with your life, or many? Why?
2. Does the concept of "always having purpose" sound more energizing or exhausting to you? Why?
3. In your mind, who is included as part of the church? Who isn't?
4. In what ways have you seen churches merge too much with the world? In what ways have you seen churches stay too separated from the world?
5. In what ways should churches hold their members accountable to following Christ?
6. What is encouraging and what is deflating about not yet living during the final complete homecoming to the eternal city of God?
7. Looking forward to what will occur when God completes the recreation of the earth, what aspects of that future reality do we have a responsibility to work toward now? What is beyond our responsibility to work toward?
