Questions for Reflection and Discussion

Job 7:11-21

1. What questions have you had about God, uncertainty, or suffering? Have you generally felt like it was okay to ask them in church? Why or why not?
2. What does it say about God that He welcomes our questions?
3. Have you ever later learned a "reason" for a season of suffering you endured? If so, what was it? Are there other seasons you still cannot see any reason for?
4. Think about each decade of your life. How has your perspective on suffering changed over the years?
5. If suffering was required for you to grow closer to Jesus, would you want it to happen? Why or why not?
6. Have you ever known someone to experience deep character development through a season of ease? If not, why do you think that is?
