Hebrews 11:8-10, 13-16, 24-27, 39-40

Who experiences exile:

For which home are we waiting?

1. In what ways do you feel "at home" in our culture? In what ways do you not?
2. In what ways is our current culture the same as every other cultural moment in history? In what ways is it different?
3. Has there ever been a generation of believers who felt totally at home in their culture? Why or why not?
4. If a believer doesn't feel out of place in the world (to some degree), what would that imply?
5. How do you typically respond when your beliefs and norms are not shared by those around you? Anger? Withdrawing? Conforming? Rejoicing? Something else?
6. What can you learn from other Christians who do not respond the same way as you?
