

Dear Community Partner ,

I am an active parent volunteer representing Los Altos Christian School (LACS) in Los Altos, CA. We are a small K-8 school that provides a warm and loving learning environment where students are known, encouraged, and challenged.

*Living in the center of the fast paced world of Silicon Valley, puts us in an interesting conundrum. Yes, it is exciting, fun, but we have a very important task. The need to match the **MODERN** educational needs of our students. The future is here and we need your help today in helping us get to our goal.*

On behalf of LACS, I humbly request an in-kind donation from your business that we could use at our Online Auction to help raise money for LACS . This will allow us to direct our limited funds towards upgrading our academic program, retaining our amazing teachers/staff, and focusing on building a liberating culture and nurturing a joyful school.

Thank you in anticipation of your generosity.

A handwritten signature in black ink, appearing to read "Yari Toleno".
