The necessity of support:

The bond of support:

The hope of support:

## Questions for Reflection and Discussion

3 John 2-15

1. When have you felt like you were part of a team or movement even though you didn't have an official role, title, or recognition? What made you feel part of it?
2. What are some "causes" that you support? In what ways do you support them? How does your support of these causes influence your sense of being part of them?
3. Do you feel like you are part of the effort of making Christ known across the world or more like you are on the sidelines watching other people do the work?
4. How connected do you feel to the missionaries supported by Bridges? How could you become more connected?
5. Discuss the relationship between feeling supported by a team and being able to achieve daunting tasks. When has the support of a team made all the difference for you?
6. Bridges sponsors over 40 missionaries around the world. How supported do you think they feel by us? What difference might it make if they felt even more supported by us?
