"Bridges' Blueprint: What We Will Build"

Scripture: Proverbs 24:3-4

The hope every builder has:

The tools every builder needs to use:

The real Builder, building the real house:

Questions for Reflection and Discussion

Proverbs 24:3-4

1. How have physical places—like a church, camp, or home—shaped your relationship with Christ?
2. How have relationships helped you encounter Jesus personally?
3. What is the connection between physical places and relationships? How can physical places either serve to support relationships or create a barrier to relationships? Similarly, what environments or spaces make connection easier for you?
4. What part of our NEXT85 initiative stirs your heart the most (covered/heated patio for year-round fellowship time, increased living room style Life Group space, redesigned kids' area providing simplicity for new families and enhanced security)? Why?
5. What group in the church might answer the previous question differently than you? How should we show them that "they matter" even if our priorities aren't the same?
6. Imagine that Bridges has completed this project. What outcomes would you want to see? How can you help us get there?
7. What helps you stay focused on eternal outcomes in a world that values the temporary?
8. How does remembering our eternal "house" shape the way we build here and now?
